

Career Opportunities at Citrin Cooperman

**“We encourage
our employees to
think, work and
act like the
entrepreneurs
we serve.”**

Dear Student:

Leaving the world of lecture halls to join the workforce can be a daunting prospect. What type of firm is right for you? Will you have good mentors to guide you? Will the work be interesting and challenging?

At Citrin Cooperman, we understand that making this transition isn't always easy, so we've developed a structured program for first-year accountants to make it as seamless as possible. You will be assigned a mentor from the start, you'll be enrolled in "Citrin Cooperman University" to round out the skills you'll need to succeed, you'll dive right into work that is both challenging and rewarding, and you'll inevitably meet and make friends with the rest of our "freshman class."

How are we different from the other firms you may be considering? Well for one, you might be surprised to learn that Citrin Cooperman was started in 1979 as a rock-n-roll firm, providing accounting, tax and tour management services for the country's best known arena rock bands.

We expanded our offerings over time through internal growth as well as mergers and acquisitions, helping us grow into one of the nation's top 35 CPA firms, with expertise in many industries and services. This entrepreneurial spirit infuses the firm, and we encourage all of our employees to think, work and act like entrepreneurs.

We also understand that there is life beyond work and are committed to helping you fulfill both your professional and personal goals. If you'd like to learn more, please give us a call. I look forward to meeting you.
