

## Manufacturing/ Distribution

**As a manufacturer, you rely on efficiency and quality control to assemble superior products and get them to market as contracted. Accounting and business management follow the same premise.**

At Citrin Cooperman, we work with a diverse group of manufacturing and distribution clients. Aside from traditional tax, accounting, and regulatory services, we also work to improve your efficiencies, reduce costs, and ultimately, improve your profitability. From entrepreneurs who need help obtaining start-up financing, to long-term owners seeking to sell, we will work closely with you to find solutions tailored to your individual needs.

### **Our services include:**

- Audits, reviews, and compilations
- Business valuations
- Buy/lease agreements
- International services
- Inventory control procedures
- Mergers and acquisitions
- State and local tax consulting
- Strategic planning
- Tax planning and compliance
