

Restaurants

We focus on the financial details of your business, so you can focus on flavor.

At Citrin Cooperman, we know how hard it is to succeed as a restaurateur. More importantly, we've worked with enough successful restaurateurs and entrepreneurs to advise you on winning strategies to build your business.

Our clients include many independently owned and operated restaurants and restaurant management groups - including some of the top-rated restaurants in the world. We also work with caterers and party planners. We've helped all of them raise their financial efficiencies and realize greater profitability.

Our services include:

- Guidance through DOL and sales tax audits
- Industry benchmarking
