We are Boston Metro. We love our sports teams, we drink “Dunkies”, and we spend hours in traffic to enjoy an afternoon “down the Cape”. Most important of all, we are an office born and bred on the roots of our long-standing clients and loyal employees of Massachusetts.

Our people have been servicing clients throughout Boston, the South Shore, Cape Cod, and the North Shore for more than 30 years. Some of our clients have been with us for decades, which serves as a true testament to what we believe sets us apart: our focus on people. We put an emphasis on knowing our employees, colleagues of the firm, members of the community, and above all else, our clients.
