Welcome to Citrin Cooperman's White Plains office. As highly respected members of the community for more than 30 years, the White Plains office has a special relationship with Westchester County and the surrounding areas. Our partners and staff are deeply involved in charitable, professional, and business organizations. We serve on many of these boards, participate in their activities and support the causes which make Westchester a wonderful place to live and

work. We are proud to be an integral part of our community helping it *Focus on What Counts*.
