"To be a trusted advisor to my clients is the greatest honor in being a CPA. There is no feeling better than when the phone rings with my client on the other side of the line asking me for my opinion on an important decision they are trying to make."

Kenneth Kirkland is the managing partner of Citrin Cooperman's two Massachusetts offices, located in Braintree and Woburn. He has over 30 years of experience in public accounting, specializing in tax services and the design and implementation of acquisition strategies. Ken consults extensively with business owners, using a hands-on approach to navigate their strategic challenges and succession plans. He focuses part of his time on the strategic growth of Citrin Cooperman in the Massachusetts market, developing opportunities at both office locations.

EXPERIENCE

Ken started his career with the Internal Revenue Service, which gave him a unique understanding of the tax code and representation in front of the IRS. He frequently applies this experience and knowledge to help protect the firm's clients through proactive tax strategies.
