INSURANCE CLAIM ANALYSIS

## Focused on Solving Complex Matters

When it comes to complex insurance claims, we'll help you navigate the specific impacts of damages and losses. We understand that each circumstance is unique and a one-size-fits-all approach is simply ineffective. Our Forensic and Litigation Services Practice will produce the answers needed, so you can focus on what counts.

### How Citrin Cooperman Can Help

Sizeable insurance claims are almost always complicated and time consuming. Citrin Cooperman's professionals bring the requisite industry, accounting, economic, and financial skills combined with decades of insurance claims experience to insurers and policyholders dealing with complex claims and losses. In addition to our technical knowledge, we know just how critical responsiveness and effective communication is during this process. Our professionals are trained

to work closely with our clients and their teams during all phases of the engagement to prepare timely, well-documented, objective claims analyses.

The complexity of insurance claims, combined with the intricacy of a company's financial systems and information, can make the process challenging and cumbersome. Our background in forensic accounting combined with our extensive expertise in claims analysis are customized for each individual engagement. We collaborate with our clients to understand the specific impacts of the loss and to identify the books, records, and documents needed to analyze the financial impacts of the event. Our approach results in a more transparent product and quicker resolution for all parties. With a deep background in dozens of industries, we have experience in the following areas:

- Property damage
- Business interruption and contingent business interruption
- Product recall
- Product liability
- Environmental
- Fraud and fidelity
- Directors and officers
- Errors and omissions
- Professional Malpractice
- Construction
- Specialty lines
- Expert witness services

Our team is comprised of an impressive combination of professionals including Certified Public Accountants (CPA); Certified Fraud Examiners (CFE), Certified Insolvency & Restructuring Advisors (CIRA), Certification in Distressed Business Valuation (CDBV), Certified Turnaround Professionals (CTA); professionals with certifications issued by the American Institute of CPAs, including Accredited in Business Valuations (ABV) and Certified in Financial Forensics (CFF); Chartered Financial Analysts (CFA), Accredited Senior Appraisers (ASA), Certified Valuation Analysts (CVA), and attorneys.
